- E-Library: Free internet facility for the use of cyber library.
- Physical Education Department: Indoor Sports Hall, Gymkhana and other services.
- National Service Scheme (NSS)
- Earn While Learn
- Hobby Centre/Workshop
- Research Centre for Higher Education

Keeping in view the vision and the mission of the institution, Competitive Examination Cell, Library Department, Physical Education Department, Earn While Learn and Hobby Centre organize various activities for the overall development of the students, that is, for intellectual, mental, physical, creative ability and emotional development of the students. Through these various activities students become capable to face the challenges and prepare themselves for the placement or getting the job. Similarly, some of these activities open the door of self-employment for the students.

1. Competitive Examination Cell (Student's Guidance Centre, Career Counseling Cell and Career Katta) provides quite useful information to the students of the college regarding competitive examinations. Similarly, the information in light of availability of various books in different subjects is also provided to the students. MOC test is organized by the Cell for the students of all classes. This test helps the students to prepare themselves before appearing in various competitive examinations such as MPSC, UPSC, IIT, JAM etc. The department also provides valuable guidance to students which help them in facing the examinations which are held for recruitment of posts like Police Sub-Inspector, Sales Tax Officer, SDO, Banks PO (B Grade), Tahsildar, Talathi, and many more.
2. The institution has a well equipped central library with the facility of separate reading hall, stacking room, reference section and e-library. The reading hall in the library provides the sitting capacity of 60 students at a time. In order to develop a good habit of wide reading in college students, the library department provides one extra, that is, 3rd Borrower Ticket card (Green BT card). On this BT card the students get books, other than the text book, from the library for their extra reading. These books include - reference books, competitive examination books, books on current affair, books on sport, etc. These books help the students to prepare themselves for various competitive examinations.

3. The institution has a E-library library loaded with programmes like consortia, NDL (National Digital Library), etc. It provides opportunity to college students to refer/read books/articles in online mode and thus to update their knowledge. For purpose of all round development of the students, the library provides course books of all related subjects as well as books for general/ informal reading. Apart from it library department of the college also provides facilities like information technology and E-sources. A special facility is provided to the students by e-library. And this facility is the free internet excess available to the students for utilization of e-books, e-journal by employing e-resources like N-list, NDL (National Digital Library), etc. and many more.

4. The institution has a huge ground for the organization and practice of outdoor games and sports. Physical Education Department tries its level best to help the students for their physical development and solve the health issues side by side with routine learning. It provides various equipments required in various games and sports. All necessary facilities are made available to students for indoor as well as outdoor sport activities. Useful coaching is given to students about indoor sports events like table-tennis, chess, badminton, etc. Students are motivated to participate actively in outdoor sports such as cricket, long jump, pole vault, shot-put, running and many more. Apart from this, college organizes physical training programmes for regular as well as ex-students of the college free of cost. This training prepares the students to qualify the physical test for the entry in police and military services. Apart from college students (including ex students) the college ground is used by the other institutions and the government authorities for the organization of various games/sports. On this college ground Tehsil level (interschool), district level and state level tournaments of various games/sports such as cricket, kho-kho, kabaddi, athletics, etc. are organized by various institutions and government authorities.

The institution provides a huge indoor sports hall for the organization and practice of various indoor sports/games such as chess, badminton, table-tennis, taekwondo, etc. Sometimes this hall is used for the organization of some cultural activity or some informative or awareness programme.

The ground and premise of the college is used on every Sunday by a spiritual community (Radhaswami) for the organization of Spiritual Meet (Satsang) for the devotees of this community where a spiritual address is delivered to the devotees.

College has a well equipped 'Gymkhana' with all necessary facilities/equipments for the use of regular and ex-students and the needy local aspirant. It is observed that the sports and gym facilities available in the college are extensively used by several beneficiaries.

5. National Service Scheme (NSS) is one of the prominent units in the institution. The college has Two Units of NSS. Each Unit consists of 125 students. Various social awareness programmes are organized by the NSS Units through regular as well as 7 Days Special Camp activities. Through these activities the students learn the lesson of social responsibilities.

6. College runs “Earn While Learn” activity so as to make the students self- dependent while taking the formal education in the college. The concerned committee provides some work that is to be done inside the college premise to the students of economically deprived category. The work which is given to the students includes electrical repairing, furniture repairing, painting, etc. Maximum 1 hour work is allotted to these students. The type of work which is allotted to the students depends on the liking and capacity of the students. Remuneration against such works is paid to the students by the institution.
7. College has a Hobby Centre/Workshop to take care of different hobbies of the tudents. Several activities are organized by hobby workshop throughout the academic session. This centre organizes various training programmes for the students. It includes the training of beauty parlor, dish preparation, hair styles, costume wearing styles, mehendi design, rangoli drawing etc. These training pave the way of self-employment for the students, especially the girl students. Such trainings help the students to stand on their feet economically through self-employment and become self –confident and self-dependent.
8. Though the college is situated in rural area it provides the facility of higher education programmes. The institution ha s a well equipped research lab with the sophisticated instruments for the research work of the Ph. D. programmes in Botany and Zoology subjects.
